TORYS' CAUCUS FINDS BENNETT YET IN SADDLE

Meet to Find Out Future Plans—Members Are Divided

By THOMAS WAYLING
Ottawa, June 25.—The Conservative caucus met this morning looking for further action on the Bennett or his future plans. Disappointment met them for Mr. Bennett altered clear of personal matters. The party has now realized that his Country Club speech was no more than his in his present interview with the Premier on his return, that his stay at the Country Club was not a sign of his intention to resign. This was the first caucus under the new constitution. It dealt with proposed amendments to the Grain Board Bill to clarify the primitive features of the legislation and enable the use of established facilities of marketing to whatever extent the board deemed advisable. The caucus divided strongly on the Saskatchewan alternative vote proposals in Election Act Amendments. Saskatchewan members supported the present bill as giving them only hope of election. Intimations were given that parliament will not conclude the present session until next week. The committee on the Grain Board Bill is still in session and will hardly report before Thursday evening. This issue is bound to precipitate a full dress debate on its complex features and some opposition amendments will be forthcoming as the members of the house being prorogued this week as previously anticipated, are remote.

STONER GIVEN ROPE REPRIEVE

LONDON, June 25.—George Percy Stoner, sentenced to die for the slaying of Francis M. Balfour, today was reprieved. His sentence drew wide attention throughout the world since his co-defendant, Mrs. Balfour, accused Stoner of murdering her husband out of the way, was acquitted. Stoner's attorney appealed the conviction to the court of appeals but, before a ruling, sustained the original verdict.

Doubt Of Sincerity Evidenced

By GEORGE HAMILTON
Canadian Press Staff Writer

LONDON, June 25.—Sir Bolton Eyres-Mounts, first lord of the admiralty, announced in the House of Commons today Germany had agreed she would never again resort to unrestricted submarine warfare.

Germany also was willing, Sir Bolton announced, to adhere to the rules and regulations regarding submarine warfare set out in part four of the London naval treaty accepting their heretofore irrespective of the attitude of other powers.

Several Liberal members rose together with demands for information and in the excitement they could scarcely be heard. The Liberal members agreed before the great war to respect the Hague conventions and any guarantee to be placed in Germany's pledge.

Sir Bolton said amid general applause, that the policy indicated by the opposition questions was a policy of despair. It meant going to faith in any day.

1.—In their action with regard to merchant vessels, submarines must conform to the rules of international law with respect to surface vessels.

2.—In particular, except in the case of persistent refusal to stop on sight.

Plan to March on Ottawa Will be Carried Out Despite Warnings of Government Opposition

FORT WILLIAM, June 25.—The party of eight leaders of British Columbia and Alberta left camp strikers passed through Fort William today enroute to Regina from Ottawa. Arthur Evans, spokesman for the delegation which represented 2,000 strikers before Prime Minister E. B. Bennett Saturday, said they were going to organize their march on Ottawa. The plan to march en masse to the capital would be carried out, he said, regardless of government opposition.

SUBURBAN, Ont., June 25.—The streets of Regina will run red with blood if Royal Canadian Mounted Police clash with the hunger marchers, Arthur Evans, strikers leader, said last night as he passed through here on his way back west after a conference with the dominion government in Ottawa. Evans declared 20,000 unemployed would soon be in Ottawa to press their demands upon the government. He and seven others who went to Ottawa were returning to Regina to "mobilize the strikers with renewed vigor."

Saskatoon Citizens Support Marchers
SASKATOON, June 25.—British Columbia relief camp strikers who arrived here today from Regina, were met by a large number of citizens who supported the strikers.

REGINA, June 25.—Not to join the strikers as first announced by Saskatchewan relief camp strikers, but to build a camp for the unemployed relief camp strikers now in Regina, was one of the demands made by the strikers today morning. Where the camp was to be located was still a question. C. P. Burgess, Dominion government representative here, said the camp would be located outside the city.

PROGRESS ON HIGHWAYS IS SATISFACTORY

J. M. WARDLE, NATIONAL PARKS ENGINEER, MAKES JASPER INSPECTION

JASPER, June 25.—Making a tour of inspection of Jasper Park, J. M. Wardle, chief engineer of national parks of Canada, states that satisfactory progress has been made on projects in the park in spite of a late spring.

Mr. Wardle stated that work on the Jasper-Banff scenic highway, extended as far as Mile 31 from Jasper town, is going ahead rapidly and three additional camps will be established later in the season and equipment is on the way to speed up the work.

The road as far as Pukotuk Creek, about 45 miles from Jasper, is in fine condition and is open to the public as far as Sunwapta Falls, 34 miles. The next stretch to Pukotuk Creek, about 20 miles, will be completed in three weeks' time.

Amphibious of two blocks on Jasper's main thoroughfare starts Tuesday.

It is expected that Patricia Lake camp will be opened on August 1. The camp will be the first of the new camps to be opened in the Jasper-Banff scenic highway.

TWO ARMIES OF DISSIDENTS CAMP AT 'PEG

WINNIPEG, June 25.—Winning took on something of the appearance of a military camp last night with two sections of strikers bivouacked under canvas.

More than 150 returned men "besieged" the Military hospital in suburban Deer Lodge in passive protest against the Dominion government's refusal to treat them as liberally as civilian prisoners of war.

On a vacant lot in downtown Winnipeg, nearly 200 of Manitoba's relief-camp strikers were established in 15 tents. Establishment of the camp followed failure of strike leaders to obtain the use of a building for central bunting of the 1,000 strikers.

Honest Conductor Landslide Into Mayor's Chair

WINNIPEG, Ont., June 25.—Hon. George Bennett, middle-aged street car conductor, was elected first mayor of the new city of Greater Winnipeg last night by a majority of 6,126 to 1,000.

Bennett, mayor of the present city of Winnipeg, had 10,000 votes when returns from 189 out of 193 polls were received, against 10,000 for his opponent, an automobile executive.

It was the "bravest vote ever recorded in the history of the city."

The new city of Greater Winnipeg, created by the amalgamation of the city of Winnipeg, the city of St. James, and the city of St. John's, was the largest city in the world.

Mayor Bennett, who had the support of Labor, the Co-operative Commonwealth Federation, and Communists, had a majority in each of the wards of the new city.

Strikes Spread U.S. Map

LABOR RIFTS ARE SCATTERED IN BIG AREA

Kentucky, Washington, New England, Ohio, All Have Troubles

NEW YORK, June 25.—Strike developments last night disturbed the industrial peace of several widely scattered sections of the United States.

In Kentucky, Governor Ruby Laffoon dispatched state police to maintain order at Clearfield, where he was informed local authorities had been driven from a plant, involved in a strike, after more than 100 shots were fired. The workers told Clearfield was without light for several hours because of the strike.

TACOMA ACTIVE
As members of the Tacoma, Wash. central labor council gathered for a meeting, runners fired they thought a general strike was being called for.

Shipping was virtually at a standstill as longshoremen refused to load or unload at the docks.

In the strike of the lumber workers started March 29, when 35,000 men walked out to enforce demands for higher wages and a 30-hour week.

NEW YORK, June 25.—Four cases were disposed of before the commission under the Farm Creditors' Arrangement Act Monday morning. Two were thrown out as completely impossible, while proposals were formulated in the other two.

One case in particular gave the commission somewhat of a start which involved a heavy indebtedness on land payments, the land having been purchased at \$40 per acre.

The debtor stated to the surprised chairman that he did not expect the board to be so strict. He was satisfied to pay that price when he bought and expected to pay for his shortsightedness, but would like the high interest rate slashed as he had kept the interest paid up.

PEACE RIVER, June 25.—Four cases were disposed of before the commission under the Farm Creditors' Arrangement Act Monday morning. Two were thrown out as completely impossible, while proposals were formulated in the other two.

INTIMATE GLIMPSES AND INSIDE STUFF ON THE MOVIE COLONY

By DAN THOMAS

AND now Mack Grillon, one of the most successful film song writers, steps forth to answer the question all budding Irving Berlin want to know—why the movies must be more than a chance.

"Every song used in a picture must be more than a chance," says Grillon, "it must tell a complete story and fit in with the complete story of the picture." "And so we begin by writing music about song writing mechanics to accomplish that which we cannot do by any other means," he says, "and so we begin by writing music about song writing mechanics to accomplish that which we cannot do by any other means."

Max Reinhardt is making sure that everything about "A Midsummer Night's Dream" is being done in a big way. He walked on a stage to take a look at the huge throne room which had been erected for some of the scenes. "Make it 15 feet wide," he commanded and turned on his heel.

CUTS TERM IN JAIL: RAISES COSTS IMPOST

Court Takes Unusual Procedure in Picketing Appeal Case

Procedure followed in appeals from summary conviction was invoked by His Honor Judge Crawford Monday, when he assessed \$25 costs against Joseph Weber, convicted of vagrancy and sentenced to six months in jail.

In sustaining the conviction the judge reduced the term of imprisonment to three months, but as second assessed \$25 in costs.

Charles Weber appeared through the crown and R. F. Jackson and Max Weber, his counsel.

After hearing a review of the evidence in the appeal of Frank Clark and Alex Irvine, the court reserved judgment until Tuesday morning.

Clark admitted he was in charge of all pickets under the auspices of the Unemployed Workers Protective Association during a strike.

He was charged with obstructing the police.

Political Future of Ex-Premier in Balance at Ponoka

Political future of J. E. Brownlee, K.C., U.F.A., member of the legislature for Ponoka and former member, will be known on Wednesday.

The former premier has maintained the strictest kind of silence as to his political future and in reply to all questions as to whether he proposed to run for re-election, has consistently said: "It is for the convention to decide." This answer is interpreted as meaning that if the convention decides he will stand, he will stand. He has been riding since he entered public life as attorney general after the 1921 election.

Premier R. G. Reid will attend the convention and probably will speak.

The only cabinet minister who has to face a convention is Hon. George Hoadley, minister of

rade and industry, whose convention for the Okotoks-High River riding will be called for early in July.

In the meantime preparations are going ahead for the meeting here next Tuesday and Wednesday of all U.F.A. nominees and sitting members.

WHEAT PRICES SOFTEN AFTER DULL TRADING

WINNIPEG, June 25.—Responsive to business in outside markets, wheat prices softened on the Winnipeg Grain Exchange today. Values closed 1 1/2 % cent lower, July at 80 1/2 and August

Continued dearth of export demand for Canada's wheat further increased traders' pessimism. Minor short-covering was apparent at intervals, but this was insufficient to uplift values. Liverpool closed $\frac{1}{8}$ - $\frac{1}{16}$ lower. Buenos Aires was unchanged to $\frac{1}{8}$ cent lower at noon and Chicago was down fractionally.

LOUIS PRIMO CARNERA IN HEAVYWEIGHT BATTLE

Champion, left, Beate Out Edith Quier, right, for Links Trophy

EDMONTON GAZETTE SPORTS

PAGE FOURTEEN EDMONTON, ALBERTA—TUESDAY, JUNE 23, 1935 PAGE FOURTEEN

Kings of Sport Underway at Aqueduct As Stirling Gate Lifted

PAT PANS BY BILL LEWIS

Whether Primo Carnera, man monster of the ring, can stop the headlong rush to state hospital of Detroit's Brown Bomber, the regred Joe Louis, will be decided tonight. A giant among giants, Primo will be facing a man experts are calling "the fighter of a generation" when he meets up with Louis in this battle.

Although he will be giving away anything up to probably 60 pounds, the colored pugner is to enter the ring a favorite to win, odds being quoted on him of 6 to 5 this morning but with the possibility they might be nearer 2 to 1 by this evening.

A lot of attention is being given to the bout, mainly on account of the wide interest in the career of young Louis. Fans everywhere have watched his string of knockout victories mount, surprisingly in the end, there he has been in progress.

There is little doubt but that it is the attention Louis alone has attracted that is going to make the sale swell far past that of the recent, Bar-Bradock championship bout.

You can bet plenty of dollars that there are a lot of high-placed hat fans in the Ponksa district right now. They turned head last year to lift the trophy from Mirror with a notable lack of success. Over the past weekend, however, the Ponksa squad won two straight cameos from Mirror to cup the prized trophy.

Duke Barr, the Edmonton anguisher with Ponksa, seems headed for one of his best winning years. He has buried four hat Nundas in with the second start of the series.

A personal friend of Barney Rose, not directly connected with the boxing game and one who has made good money in a professional capacity for the past few years, recently gave his version and opinion as to the reason for the much-disputed decision against Jimmy McLarin that cost him his welterweight crown.

He says, "I would naturally be biased to favor Rose. When he bell ended the fight, I was almost certain McLarin would be rewarded for his fine efforts. It was too close to take the title from Jimmy. No matter what my personal feelings were in the matter, I was surprised when it went the other way."

"The fighter is the reason why I think the title changed hands. McLarin is a real fighter. He gave the fans a run for their money every time he entered the ring."

Perry Brings Showmanship To Tennis

British Tennis Star Is Popular In Sport

Fred Perry in action, with an excited gallery at Forest Hills

Not all British athletes have had the conspicuous lack of success or for that matter of popularity as have the British professional prize-fighters who have sought world honors in America. Acknowledged even by United States experts to be one of the world's finest come-pelors in the realm of sport, Fred Perry, the British tennis star, is also one of the most popular with galleries on this side of the Atlantic. They welcome him in tennis tournaments even when he is whipping the best of his continent. They love him for his grandiose manner and his unruffled egotism on the courts. That Fred welcomes him as a bolster for their Davis Cup hopes without saying.

The fighter and showman, Perry during the last two years has returned to America, the favor Bill Tilden performed for Wimbledon galleries in the decade beginning with high. Though the Britisher cast in a less caustic mood than Big Bill, his play performance before the nets is enchanting (that's a Forest Hills word) to those in the pews.

He closes in the most important matches, point the ball for amusement, first witty darts at his adversaries and exchanges winks with his audience. He has gone so far as to kid himself—lipped Little Collier, the French wisest of them, during the heat of Davis cup games at Antwerp. But though his talk is loose, his nerve never slackens, and he keeps his temper under control at all times.

The first big break played upon international tennis by this son of a Labor member of parliament was in 1921 at the expense of Sidney Wood. The American, still one of the world's cockiest and most confident players, was that much fresher four years ago by reason of youth.

When Wood arrived in England that year, he had no time in announcing that as soon as he had won the Wimbledon championship he and the other Davis cupper would knock the pins under the wooden players. Perry, however, had the mark back to the United States.

Wood's amazing, impetuous, quick British player, determination to upset the dignity inherent in the game of tennis, was a desire. Wood won at Wimbledon, but was good at least part of his boat, and was on odd-on favorite to another Perry when the two met in the Davis cup inter-zone final.

Billy Stout Leads In Junior Batting

Al. Fenton Takes Second After Three Games For Each Team

Billy Stout, Junior Edmonton's rugged and robust receiver, claims batting honors in the Junior Baseball league after each team had completed their first three games, it was revealed after a check-up on batting statistics.

As in previous seasons, the batting throughout has been anything else but thunderous. Only a select few have hit the ball with any great power, and to Stout good two homers with an average of .454, was revealed after five in 11 trips to the batting box.

Al Fenton, second base for Army and Navy, claims second place and has an average of .444. Fenton found his opposing fingers for four hits in nine efforts.

Following are the batting averages of players competing in the Edmonton Junior Baseball league of games played up to June 23:

DETROIT NEGRO ACE TO START FAVORITE OVER HUGE ITALIAN

Guard of 1000 Police To Prevent Any Trouble on Racial Lines

NEW YORK, June 23.—Little Abyssinian and Big Italy—war in the prize ring instead of Africa—is the lure of the Yankee Stadium tonight.

In one corner is sombre Joe Louis, 31-year-old negro from Detroit; in the other the monstrous Primo Carnera, making the most desperate stand of his wild career.

In the background, about 1,000 police, fearful of race trouble, are a heavily armed guard against Louis from dangers no one seems able to visualize.

It's one of the strangest pictures the ring has faced in years.

LOOK FOR BIG FIGHT

"So hot" was the match last night that a gate of \$500,000 or more, far surpassing the \$200,000 taken in at Jimmy Braddock's conquest of heavyweight champion Max Baer, is being predicted.

Louis, with only a year of professional experience, ruled a 6 to 5 favorite. Carnera, money was scarce, indicative that Louis might enter the ring at 8 p.m. (CST.) as high as 2 to 1.

If reports of his figure, 265 pounds, are accurate, the Italian is some 15 pounds over the weight he valued when Max Baer battered him out of the heavyweight championship a year ago.

Greater police precautions than for any fight here in years will be taken. The stadium is close to New York's negro center in Harlem. More than 1,000 patrolmen have been assigned to duty in or around the stadium.

For Carnera, this is the last but not the least chance at heavyweight greatness; for Louis the climax of an amazingly short burst to disto stadium.

PONKA TROPHY WINNERS

BEAT MIRROR IN TWO TILTS TO COP TITLE

Heavy Hitting Ponoka Squad Wins 8-1 and 2-1 Margins

PONKA, June 25.—Ponoka's heavy bats pounding out a 13-hit barrage, lifted the coveted Calgary Senior Baseball trophy from Mirror on Sunday afternoon with a decisive 8-1 victory.

The first game of the series on Friday night, with a 2-1 win after 10 innings of ball.

Sunday's victory at Mirror brings to a successful end a campaign which Ponoka began a year ago and earned the accomplishment of the most major objective set for the present season.

In the first game of the trophy series, Ponoka was in a slump, but Sunday the squad was back into something like its regular form and crashed through its eleven straight victories without ever being in serious danger.

HEAVILY HIT MIRROR
The veteran outlaws, the Trochu squad, for Mirror was in trouble almost from the first. Ponoka mowed him for eight hits in five innings and then Wiggins replaced him. Wiggins pitched in the hole in the balance of the game.

Ponoka's outstanding stars were Duke Baker and Roy Lee. Duke Baker pitched one of the best games of his ball career, holding the Trochu to four scattered hits. The Mirror team, drawn from Delburne, Clive and the surrounding country, was probably the strongest club outside of Ponoka which could be fielded in Central Alberta.

DISMAYING MYERS
While it was the outland pitching of Baker that held Mirror helpless, it was largely the dynamic in the bat of Roy Lee that carried Ponoka through to its win. Myers got four hits in four times at bat and two of these blows were three-baggers with the outfielders playing in the hole in the next inning. Crellin of Ponoka also came through in the pocket with two nice singles that brought in runs, while he pulled two situations in the ninth which helped him to lead Mirror of what looked like certain.

Upwards of one thousand fans saw the game.

Galt Myers of Lethbridge have already challenged Ponoka for the Calgary Boring trophy and the series will likely be played here on July 7, 8 and 9.

ROYALS MEET SOUTH SIDERS AT RENFREW

**Senior League To Hold
Final Meeting After
Game Tonight**

As scheduled, the Senior Baseball League game between the Royals and South Side will be played this evening, weather permitting, at Renfrew Park.

The game will start at 8:30 o'clock.

Following the game a meeting will be held in the offices of the Mirror Car Supply company. At this conference the league and club bosses will discuss the once and all, so they state, final plans of the league.

It is definitely agreed whether or not the league will continue under the same name and whether it will fold.

Just who will do the mound duties for either club is not known, but they will be eventually, feeling a team.

This was one of the fastest games seen here in a long time. The visitors missed a chance to score in the second half when they were given a free kick at the 25 yard line. Lacombie also missed on a penalty shot in overtime play.

GIRLS PLAY GOOD GAMES IN SOFTBALL

**Fine Crowds Attend At
Various Districts To
See Games**

Before large crowds, three games were played in the Federation of Women's Clubs' Softball League, and each of them held the fans in high excitement.

Calder at home, after a wobbly start, tightened up and out-hit and out-batted the Westmount Wolves to garner a 23-8 win. If it wasn't for the erratic batting of the Westmount nine this game would have been a real pitcher's duel. Smith for the westers and Taylor for Calder having plenty of class.

The other fixture in the west section was at Bonnie Doon, who took Roadside into camp in the tune of 12-9.

Crossland and Williams proved in the fans that they have plenty of ability and would be an asset on any team. Roadside, though they played a strong game, was not just good enough for the Bonnie Doon Dynamite.

In the east section Riverdale did the unexpected, beating the North Shore nine by a 1-0 score, proving that even the leaders are not immune to the unexpected upset. This was a real battle and up and till the close of the game did not require a home for their win. North Edmonton played a quite good enough to cap the Bonnie Doon game but weren't quite good enough for Riverdale and when Mr. Ross got his pitchers on, he made no mistake. Being the 21st he probably could do better more clearly this girls possibilities.

The depressed price of farm products is a problem with which everyone is familiar, but on the 1913 basis farm product prices have never been as low as gasoline. Between 1913 and 1920 gasoline did not rise in price to nearly the same extent as farm products, yet since 1920 its price has almost continuously declined. The data for the above graph are based on figures published by the Dominion Bureau of Statistics.

FAIR LABOR POLICIES BENEFIT THE CONSUMER

WORRY and unhappiness are enemies of efficiency. We have always tried to be efficient and years ago we said, "to the greatest extent possible let us get worry and unhappiness out of this organization—out of the minds of every man and woman in our employ."

So Imperial Oil has always paid high wages. It set up sickness and death benefits, a pensions plan and group insurance for its workers. It made it easy for them to share ownership in the Company. It gave them a voice in the discussion of Company

policies that directly affect them. It introduced the four-hour week, thus increasing the number of those who work for the Company.

Efficiency and loyalty are repaying the Company for all these measures. Imperial Oil employees give generously of their hands and minds because they are well treated. They feel secure and this feeling is reflected in their work and in the high quality and lower cost of the products they make. The consumer benefits, the employees benefit and the Company benefits by these policies.
